What We Say

A former winner of the SuperRatings Rising Star Award in 2008 and a Fund of the Year Finalist in 2009 and 2010, Catholic Super continues to rate well across all key areas providing excellent value for money to members.

The employer product offers a simple and easy to understand investment menu consisting of five 'Managed Choice' and five 'Build Your Own' multi-manager options. Core investment options have outperformed the relevant SuperRatings Indices over the past 1, 3 and 5 years providing members with excellent value. The fund also strives to ensure that investments are managed responsibly and seeks to use its power as a major investor to bring about positive change on environmental, social and governance criteria.

The fee structure is very straightforward with members receiving good value when compared to the market average, particularly on account balances of \$50,000 and above.

A well priced insurance package is also available with members automatically receiving Death, Total and Permanent Disablement and Income Protection (IP) cover upon joining. IP provides good flexibility with 85% salary cover, 5 year or age 65 payment period with a 30 or 60 day wait. IP premiums shown here are based on a 5 year payment period and provide excellent value for money.

The scheduled merger this year between Catholic Super and National Catholic Super Fund should further enhance the funds offering to members.
